WM Print Limited is a long-established family business, founded in 1971 in the West Midlands, as a commercial letterpress printer producing company newsletters and general print.

Today, it is a friendly, family-run, printing business where the emphasis is very much on being as flexible as possible in order to respond to customers' needs.

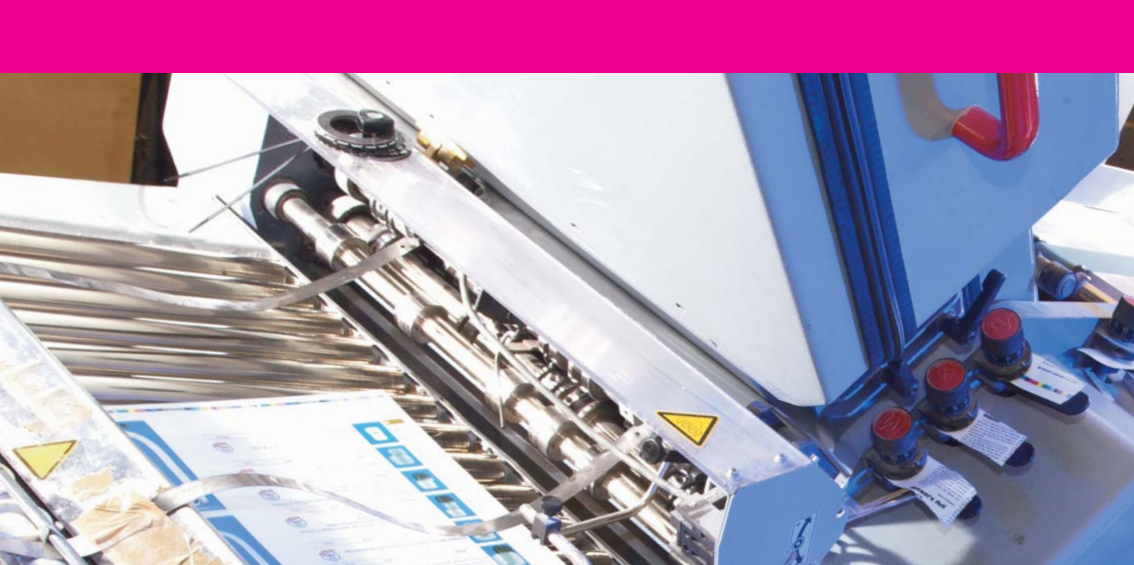

The range of jobs we undertake is extraordinary.

In the year 2000, through the acquisition of security and educational printers, we moved into the specialist production of examination papers and, as a result, our factory in Walsall now has accredited high levels of security for confidential printing.

We currently employ more than 50 people.

...to what WM Print can offer you

In one recent period, we:

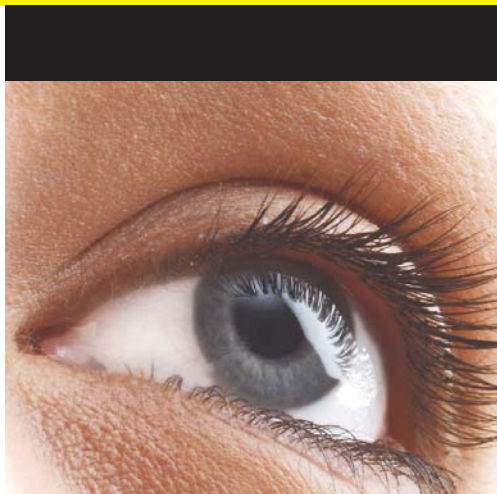

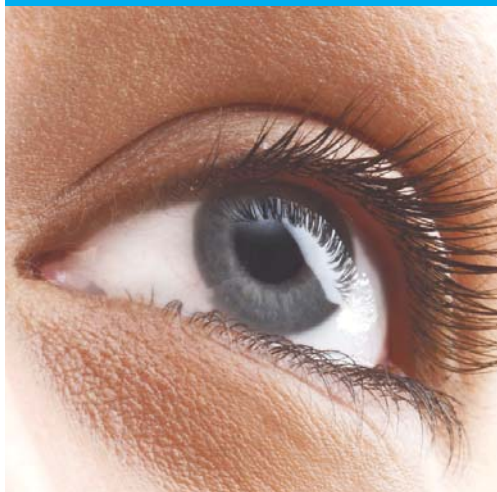

- printed textbooks for one client which comprised almost **180 million A4 pages**
- produced a local authority handbook and mailed to **25,000 addresses** with 7 other items

Controlled growth, continued investment in proven equipment and leading technology and an insistence on only the very highest levels of customer service have been the key to WM Print's success over so many years.

- printed a colour tabloid newspaper **overnight on 10 consecutive nights** for the Motor Show
- handled production of a handbook in **10 languages including Arabic, Tamil and Farsi.**
